Invitation to begin using Box:

User will receive an email invitation from SVCS Imaging Requests.

Select "Accept Invite" to get started

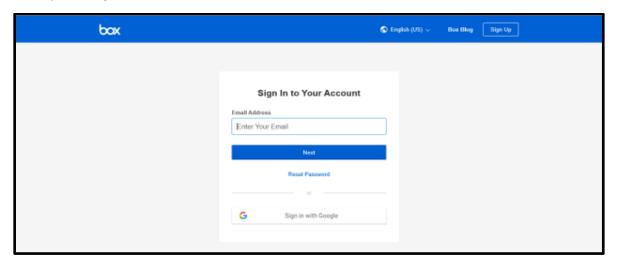

Once the user accepts the invite, the user will need to complete the registration page and then select *"Submit"*

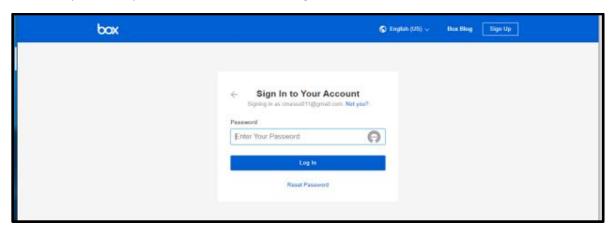

Accessing Box:

Once registered the user will go to the following URL: https://account.box.com/login

Enter your assigned email address, then select "Next"

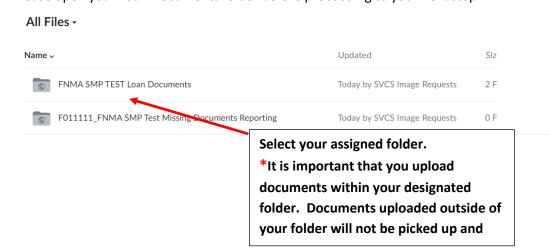

Enter the password you selected, then select "Log in"

Once logged in, your client specific folders will display on the screen.

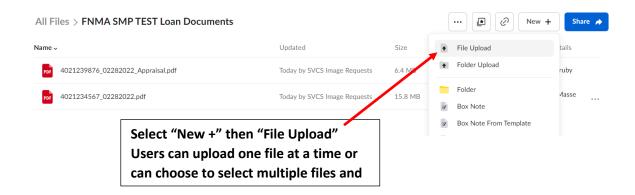

*Please open your Loan Documents folder before proceeding to your next step.

Uploading Documents:

Once in the appropriate Document folder you will be able to upload the zip files for each loan.

- Select the "Upload" button, then select "File"
- You can load one file at a time or select multiple files all at once
- Once the files are uploaded to your folder they will remain there until your folder is swept (usually after 10:00pm EST)

Please note: Do not log out of the Box application until all files have been uploaded. Logging out prematurely will result in files not uploading correctly.

You will know when your files have finished uploading when the "*Uploading*" bar at the bottom of the page reads "*Completed*".

Document File Types & Naming Conventions:

While there are no file type restrictions within Box however, sellers must adhere to the file type guidelines and naming convention provided below.

Naming Convention Specifics:

- Images should be delivered within a **pdf** or **pdf zip file**. The zip file naming convention should be **FNMALoanNumber_mmddyyyy.pdf** or **FNMALoanNumber_mmddyyyy.zip**
 - o Maximum number of characters for file name is 70 including file extension
 - o FNMA loan numbers **must** be included as part of the file name
 - A unique ID is required if there are multiple image files per loan in a single day's transmission.

The unique identifier is used as a differentiator when all other elements of the name are the same.

- Example could be: FNMALoanNumber_mmddyyyy_1.pdf
- No special characters or spaces are permitted, with the exception of the underscore
 "_", which must be used as a field separator.
- Image files can be sent in .PDF, .pdf, or .zip format (not case sensitive)
 - o Maximum Zip File Size 300 MB
 - o Individual image and those in Zip files **must not** be password protected

Duplicate Documents:

If a user adds multiple documents with the same exact name the application will only sweep one of those documents. The other document(s) with the same name will remain in the Seller's folder until such time that the Seller removes the file from the folder.

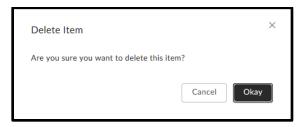

Removing Documents:

If a document is placed into a folder in error or if the Seller wants to remove a document from the folder prior to the nightly sweep, the user can follow the steps below:

1. Highlight the loan you wish to remove and then select the Trash Can button.

2. The user will be presented with the option of deleting the file, (*Okay*).

User Access to Box Applications:

Multiple users from the same organization can upload to Box at the same time provided that they are all logged in as separate users (please do not share accounts or be logged into Box using the same user ID and Password for multiple users at the same time).

If additional user names and passwords are needed please contact your administrator.
